Uyghur Forced Labor Update

The Department of Homeland Security has updated the Uyghur forced labor “Entity list,” by adding two companies, and eight subsidiaries. Please be sure to review the list to ensure that none of your suppliers, or their suppliers are included. If they are, shipments from those suppliers will be subject to detention and seizure by CBP. Shipments that have already arrived, may also be subject to a Notice of Redelivery to CBP custody.

The Entity List can be accessed using the link shown below.
