## Port of Houston Temporarily Closed

Port Houston's Bayport and Barbours Cut Container Terminals are currently closed, and will be until further notice. The work stoppage is due to a confirmed case of COVID-19 at the Bayport Container Terminal. All vessel, yard, and gate operations have been suspended until further notice.

Decisions on vessel schedules, demurrage, and all others will be determined as soon as possible. Updates on the status of the Terminal closings will also be updated, and communicated as often as possible.

## Port of Miami (POMTOC) Closure

The Port of Miami will be closed on 3/23/20 and 3/24/20. This is due to low import volumes caused by blank sailings. As more info is received about this Port's status, we will update you all.
