Marking Guidance for Goods Made in Hong Kong

CBP has announced that starting September 25, 2020, goods produced in Hong Kong should be marked as a product of China. This change is the result of an Executive Order issued on July 14th, which ended Hong Kong's special trade status. A transition period of 45 days is being allowed so that the trade can adjust to this new marking requirement timely.

Additionally, the Executive Order does not mention anything at this time about any new U.S. tariffs being levied on goods from Hong Kong. If there are any further developments on this subject, we will be sure to pass along the information to you.
